Orthodontic Resume As A General Dentist

- 2008 – 2009 Dr. Bailey, as well as our clinical staff, attended monthly “study clubs” presented by Align Technology, Inc. (Invisalign™) as part of its Continuing Dental Education Program.
- September 2008 Attended course on “Miniscrews and Implants as Temporary Anchorage Devices” presented by the Faculte for Orthodontic Research and Continuing Education, Inc. (F.O.R.C.E., Inc.)
- 2002 Attended an Invisalign™ certification course conducted in Miami, FL.
- 1997 – 1998 Significant orthodontic continuing education through Dr. Bob Gerity of the American Orthodontic Society. Dr. Gerity is a general dentist who has done full braces for 30 years. These courses were taken in Dallas, Indianapolis, and Atlanta. This 100-hour course earned Dr. Bailey a certificate of requirements in straight-wire orthodontics from The American Orthodontic Society. Dr. Bailey’s assistants were trained by Kay Gerity.
- 1993 – 1996 Studied under Dr. Richard Litt with a comprehensive orthodontic course for general dentists. Dr. Litt was the head of the University of Detroit’s orthodontic department for 20 years and chair of University Pacific’s orthodontic department for 5 years. This extensive class was a condensed version of the University’s orthodontic program.
- After the academic portion, Dr. Bailey worked with Dr. Litt through several clinical cases at our Midland office and at Dr. Litt’s Southfield office.
- 1986 – 1988 Took a comprehensive orthodontic course through United States Dental Institute, Chicago, IL. Dr. Bailey attended the course, held in Ann Arbor one weekend per month for two years. It was taught by orthodontists, pedodontists, and general dentists on all aspects of orthodontic diagnosis and treatment.
- 1986 Trained in a series of courses by Dr. Bob Jones in Indiana on removable orthodontics and orthopedics (expanders and bite correctors).
- 1982 – 1986 Graduated from University of Michigan in 1986. Ranked 16th out of 132 graduates (General Dentistry).

Practice Not Limited To Orthodontics
